

TRAILER COP

TE12TC178 1 7/8"
TE12TC50 50mm

Fits all common couplings and prevents the trailer from being connected to car

Easy to operate in three simple steps

TRAILER COUPLING LOCK

TE12ATL15

NZI Marine Approved boat trailer locking device

A self-adjusting lock that fits into 17/8" and 50mm couplings, with a heavy duty double locking system that secures the trailer when attached to a towing vehicle and when it is unattached. Made from hardened steel with chrome plated finish, this advanced locking system comes with a dust cover for protection.

TRAILER & TOWBAR LOCK SET
